STREAM

A dream trip

COMPANY INTRODUCTION

Welcome to STREAM, Our company is Hangzhou Fulaite Plastic Development Co., Ltd, which is a professional manufacture of bathroom products such as shower enclosure, shower cabin, bathtubs and so on.

Our factory have our own workshops for aluminium , oxidation, white profile and make acryl and ABS. We are one of the biggest manufacture in China with ISO9001, ISO14001 certifications. Some of products have gotten the GS certification; Almost all shower cabins and bathtubss have passed CE test and some accessories of shower cabins have ACS certification.

What's more, 4mm, 5mm ,6mm and 8mm tempered glass have passed the test of EN12150. We have eight modernized workshops covering an area of over 150000m2 with more than 20 production lines. We have 300 workers, including 8 techniques .Every day , we can produce 200 sets shower cabins ,1500 sets shower doors, 30 sets bathtubss and bathroom cabinets.

Its products are designed to world sanitary ware with beautiful and modern patterns and novel and practical styles. They are the best choice for modern restaurants, hotels, luxury residencies and common families.

Our "HONGXIE" and "STREAM" brand shower door, shower (steam) cabin and bathtubs are sold to every city of china. Our products have already been sold to Europe countries since 2002.

Our best service for your best choice.

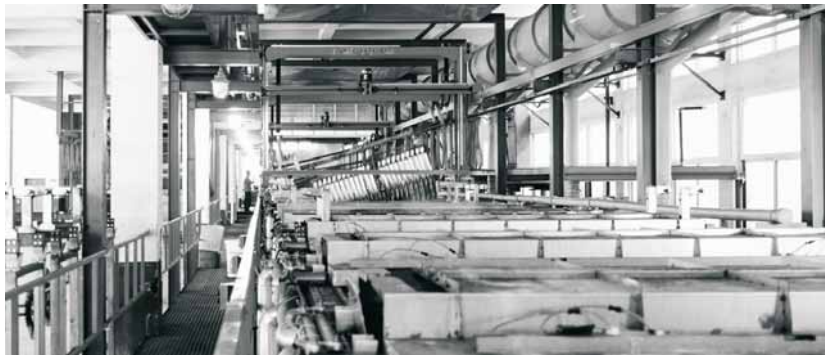
FACTORY EQUIPMENT

Creating products of constantly high quality that exceed our customers' expectations and perform over years of intensive use requires modern production facilities. All STREAM products are produced utilizing latest production routines and machinery. Extensive investments into production facilities, quality testing and employee training have created a solid basis for our business. Foresighted planning means that STREAM is ready for future challenges and increasing demand.

Each of the two major component groups: aluminium profiles and acrylic & ABS sheet are being manufactured on their own purpose built manufacturing facilities. After being carefully inspected, high quality tempered glass, numerous styles of aluminum profiles in a range of different finishes and durable hardware come together in the packing and delivery area.

Aluminium extrusion

Automatic hole drilling



Automated alumium anodizing
